Et vu que le directeur général du Service des immeubles des Chemins de fer nationaux fait savoir que ce terrain a peu de valeur, qu'il n'est pas requis aux fins de l'exploitation ferroviaire et que la Province a consenti à verser la somme exigée pour ledit terrain, à savoir \$200:

A ces causes, sur avis conforme du ministre des Transports, il plaît à Son Excellence le Gouverneur général en conseil

follows:

WHEREAS the Minister of Transport reports as

That under authority of Order in Council P.C. 1454 of April 1, 1949, the Newfoundland Railway, including the right-of-way, wharves, drydocks, rolling stock, equipment, ships and other real property, was entrusted in respect of management and operation to the Canadian National Railways Company;

That under authority of Order in Council P.C. 1968-261 of 8th February, 1968 certain assets entrusted from time to time to Canadian National Railways Company were withdrawn in order to standardize accounting procedures;

That two of the vessels so removed are the S.S. "Springdale" and the S.S. "Bar Haven", and the Canadian National Railways Company has recommended that the two vessels be disposed of for scrap and in this connection, the Company represents as follows:

"Both the S.S. "Springdale" and the S.S. "Bar Haven" were built in 1948 and are now obsolete. They are two of the older vessels in the coastal fleet. The design and age of the vessels are such that it is not economically feasible to consider refitting them to meet the Canadian Steamship Inspection Service regulations, nor is it considered worthwhile converting them to pure freighters due to the hull and deck construction."

- 2 -

That, in previous cases of disposal of vessels entrusted to the Canadian National Railways Company, the Department of Justice has ruled that the provisions of the Surplus Crown Assets Act do not apply to the disposal of vessels entrusted by the Governor in Council to the Canadian National Railways Company, and that the Company may dispose of vessels in accordance with a direction from the Governor in Council.

THEREFORE, HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL, on the recommendation of the Minister of Transport, is pleased hereby

- (2) to authorize the Canadian National Railways Company to dispose of the S.S. "Springdale" and the S.S. "Bar Haven" for such price and upon such terms and conditions as may be considered advisable by the Company.

That provision is made for claims under sections 256, 258, 261 and 272 of the Railway Act and for equalization payments under subsection 413(4), such equalization payment for each company being the amount by which the normal payment for such company exceeds the aggregate of the amounts paid or payable to such company under sections 256, 258, 261 and 272 of the Act.

## SCHEDULE 'A'

SUBJECT: GUIDELINES FOR PLANNING THE N.C.R.

ITEM 1 Meetings of the National Capital Planning Committee:

A number of meetings of the National Capital Planning Committee will be needed to ensure that the Committee members are kept informed of the progress of preparation of the guidelines and are provided an opportunity to give guidance or make suggestions as necessary. Since the number of meetings required at this time are additional to the Committee's normal schedule, a further allocation of \$7,500 will be needed.

ITEM 2 Professional and Special Services:

It is essential that the text and supporting graphic material of the Guideline document be based on appropriate statistical and other technical information and tested by appropriate evaluative analyses. In this regard, special consultant services will be engaged in plan analysis and appraisal, and inasmuch as possible use of specialized services and expertise will be secured from other appropriate federal departments and agencies where required and when possible. The estimated cost of these services is \$35,000.

In addition to the above services, specialized consultant assistance will be required to prepare a theoretical concept for future development of the N.C.R. as an integrative and supportive element of the Guideline report. The estimated cost for this is \$35,000.

ITEM 3 Secretarial and Temporary Office Assistance:

In support of the specialized professional and consultant services required for completion of the Guidelines report, provision will need to be made for related secretarial and office work. The estimate for this provision is \$10,000.

ITEM 4 Travel and Transportation:

In view of the national importance of the Guidelines report as a prologue to future federal government policy, it is the intention of the Commission staff to meet personally with the commissioners in their respective locations across Canada. The purpose of this task will be to provide each commissioner with a substantive information base and to permit each to fully participate in discussion of all related policy matters.

While the number of staff involved and their travel will be restricted in view of the severe time limitations, the estimated cost of travel and transportation is \$10,000.

ITEM 5

Translation:

Upon its completion, translation of the text of the Guidelines report into the two official languages will be needed. It is anticipated that the bulk of this task can be handled through the Government Translation Bureau and require no additional or special provision of funds.

ITEM 6

Graphic Material Preparation:

Since the concept of the Guidelines report is intended to be demonstrated with graphics, a number of sketches and line drawings will need to be prepared for use throughout the text. The preparation of these drawings will require exacting technical and graphical assistance.

The use of photographic material will play an important part in communicating the message of the Guidelines report. Photographic assistance will be needed to select appropriate examples from the existing N.C.C. photographic library, supplemented where necessary with original photographs of activities within the National Capital area. It is estimated that this task can be completed within allocation of \$5,000.

ITEM 7

Pre-Publication and Printing Costs:

Until the Guidelines document is substantially completed, it will not be possible to provide an accurate cost estimate covering pre-publication and printing costs since important cost variables such as the length and format of the report, number of plates, use of colours, grade of paper, etc. remain to be determined. However, from previous experience, it is suggested that estimates might approach \$35,000 for upwards of 1,000 copies of the report.

ITEM 8

Miscellaneous:

Miscellaneous costs including general office expenses, overhead and contingencies in support of the Guidelines document are estimated at \$12,500.

SUMMARY:

Guidelines Report Tasks and Estimated Costs

1. Meetings of the National Capital Planning Committee	\$ 7,500
2. Professional and Special Services	70,000
3. Secretarial and Temporary Office Assistance	10,000
4. Travel and Transportation	10,000

WHEREAS the Secretary of State for External Affairs, reports as follows:

That in international bodies such as the GATT and UNCTAD, increasing stress is being laid on the desirability of assisting developing countries to acquire expertise in the field of trade promotion. In recent years a number of countries including Sweden, Norway, Finland and the Netherlands have provided considerable funds to strengthen developing countries' capacity to increase their exports;

That the Canadian Government and Canadian business community have developed very considerable experience and expertise in the field of trade promotion. Canada is in a position to play a constructive role in providing funding, trainees, advisors, and other types of assistance to developing countries to assist their trade promotion efforts. In this regard, in the past Canada has, from time to time, provided assistance in the trade promotion field through the CIDA bilateral and multilateral programme;

That the International Trade Center in Geneva was set up under the joint auspices of GATT and UNCTAD to assist developing countries in trade promotion. The International Trade Center assists developing countries to develop export marketing services, train personnel and provides them with information on export markets. In addition to its regular budget, the International Trade Center receives funding from the UNDP and more than ten donor countries; and

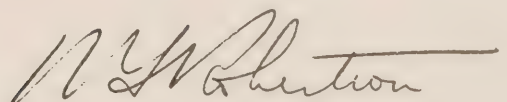

- 2 -

That an effective channel for Canadian assistance to developing countries in the field of trade promotion would be the International Trade Center. Canada could fund projects of high developmental priority and support particular trade promotion activities to which Canadian expertise could make a special contribution. The purpose of these activities would be to enlarge the capacity of the assisted countries to export to world markets although activities related to exports to Canada would not be excluded. However, precautions would be taken to preclude increased pressure from abroad on "sensitive" Canadian industries.

THEREFORE, HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL, on the recommendation of the Secretary of State for External Affairs, pursuant to Vote 33(d) of Appropriation Act No. 2, 1965, as amended, is pleased hereby to authorize a contribution not to exceed Cdn. \$300,000 to the International Trade Center such contribution to be made during the fiscal year 1973/74 and subject to appropriate arrangements being entered into between Canada and the International Trade Center covering the ends and purposes of the contribution.

Vu que, le 18 août 1972, le gouvernement du Canada (Canada) et le gouvernement de la République démocratique populaire d'Algérie (Algérie) ont souscrit un accord, ci-après appelé "Accord intergouvernemental", selon lequel l'Algérie consent notamment à acheter au Canada 500,000 tonnes métriques de blé canadien, avec une marge de 5% en plus ou en moins, et que le Canada consent à expédier à partir de ses ports une telle quantité de blé au cours des cinq années civiles allant de 1973 à 1977 inclusivement, aux prix et de la façon stipulés dans l'Accord intergouvernemental, les sommes à recouvrer portant un intérêt de 4.75% par an;

Vu que l'intérêt payable en vertu de l'Accord intergouvernemental audit taux de 4.75% par an sera probablement moindre que le loyer de l'argent au moment des ventes et que le Canada, afin de faciliter les ventes prévues dans l'Accord intergouvernemental, est disposé à payer l'intérêt supplémentaire, le cas échéant, qui pourrait être exigible lors du financement desdites ventes, à un taux devant être déterminé au moment de chaque vente par le ministre de l'Industrie et du Commerce;

Vu que le crédit n° 35 du ministère de l'Industrie et du Commerce figurant au Budget des dépenses de l'année financière se terminant le 31 mars 1974 autorise les paiements, selon les modalités et les conditions approuvées par le Gouverneur en conseil, en vue de faciliter la vente à crédit du grain et des produits du grain aux pays en voie de développement;

Et vu que l'Algérie est considérée comme un pays en voie de développement:

9.03 For the purpose of applying Clause 9.01, deductions from pay for each member of the bargaining unit in respect of each calendar month will start with the first full calendar month of employment to the extent that earnings are available. Where such an employee does not have sufficient earnings in respect of any calendar month to permit deductions, the Employer shall not be obligated to make such deductions from subsequent pay.

9.04 An employee who satisfies the Employer to the extent that he declares in an affidavit that he is a member of a religious organization whose doctrine prevents him as a matter of conscience from making financial contributions to a charitable organization equal to dues shall not be subject to this Article.

9.05 From the date of signing and for the duration of this Agreement, no employee organization, as defined in Section 2 of the Public Service Staff Relations Act, other than the Institute, shall be permitted to have membership dues and/or other monies deducted by the Employer from the pay of employees in the bargaining unit.

9.06 Arrangement will be made with the Department of Supply and Services to have the amounts deducted in accordance with Clause 9.01 remitted to the Institute by cheque within a reasonable period of time after deductions are made, accompanied by particulars identifying each employee and the deductions made on his behalf.

9.07 The Employer agrees to continue past practices of authorizing deductions for other purposes on the basis of production of appropriate documentation.

9.08 The Institute agrees to indemnify and save the Employer harmless against any claim or liability arising out of the application of this Article except for any claim or liability arising out of an error committed by the Employer.
